QOOZII started with
a simple idea:
the right atmosphere
changes everything.

ABOUT QOOZII

QOOZII started with a simple idea: the right atmosphere changes everything. Not through grand gestures, but through subtle details that make people feel at ease.

We design portable lighting that slips into everyday life. We keep our collection deliberately compact. Every piece has to earn its place. For dinners that stretch into the night, movie-marathons in the garden, and little moments that deserve to feel extra special.

Each piece we bring to life is built to move with you, made to feel like it's always been part of the scene. Because when light feels just right, everything else falls into place.

Why customers love our lighting:

PRACTICAL

LONG BATTERY LIFE

CONTACT CHARGING

WATERPROOF IP65

PREMIUM MATERIALS

REPLACEABLE BATTERY

LIGHTING

DIMMABLE

ADJUSTABLE COLOR

HIGH QUALITY LIGHT

Why businesses choose us:

HOSPITALITY

**WIRELESS LIGHTING,
MADE FOR HOSPITALITY**

QOOZII changes the way a space feels. Our products cast a soft glow that invites people closer, lingers like candlelight, and makes everyday moments unforgettable.

Our lights bring the warmth and intimacy of candlelight, but with the ease and reliability of modern design. No fuss, no flame, just atmosphere you can carry with you.

MADE FOR HOSPITALITY

Beautiful on the table.
Effortless behind the scenes.

 EFFORTLESS CHARGING

The QOOZII charging station charges multiple cordless lamps at once. No loose cables, no drawer full of adapters. Dock the lamps after service and check the charge indicators at a glance. By the next service, every table is ready to glow again. Stackable and compact, it scales from a single dining room to a full resort.

 BUILT TO LAST

QOOZII lamps are made from premium materials and built for the rhythm of daily hospitality. Our outdoor range is IP65 rated, ready for terrace service and poolside evenings. When a battery eventually wears out, you replace the battery, not the lamp. Your investment keeps working, season after season. Designed in the EU for the demands of daily professional use.

 DESIGNED TO IMPRESS

QOOZII lamps do more than light a table. They set the scene. Sculptural silhouettes and refined finishes that guests notice and remember. From intimate wine bars to rooftop restaurants, every collection carries the same calm, premium character. One consistent design language across your entire venue, indoors and out.

 REMOTE CONTROL

Adjust the atmosphere across your entire dining room from one place. Dim the lights as the evening deepens, or switch everything off after the last guest leaves. Brightness and color temperature, controlled together across every table. Less walking, more hosting. Atmosphere becomes part of your service.

- Replaceable battery
-
- IP65 rated
-

- Remote control

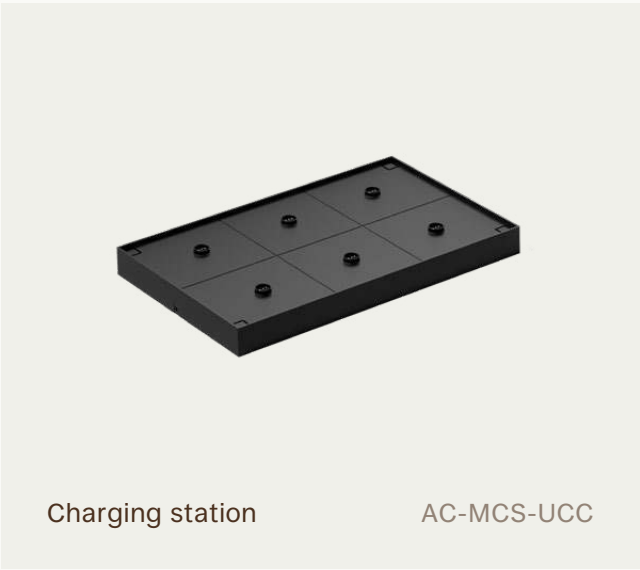

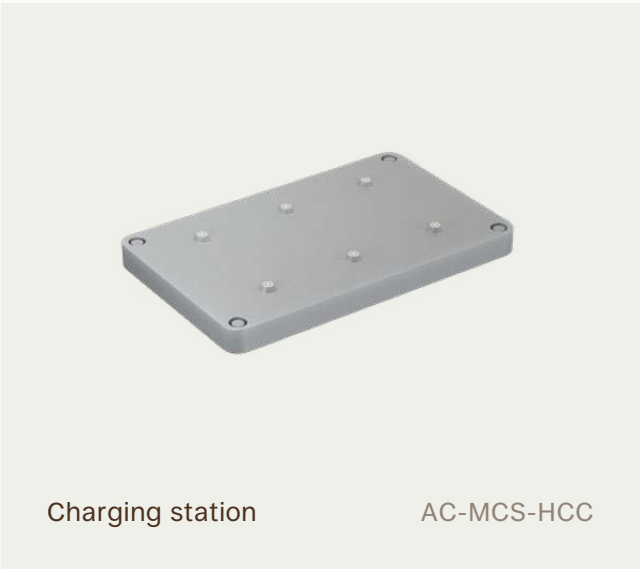

A Better Alternative

	Candles	QOOZII
SAFETY	Open flame risks	Flame-free
SUSTAINABILITY	Consumable waste	Rechargeable, with replaceable batteries
COST-EFFECTIVENESS	Frequent repurchases	Long lifespan, lower long-term expenses
MAINTENANCE	Wax cleanup	Easy recharge, no mess
WATERPROOF	×	IP65-rated

Accessories

5. CARE & USE

USAGE TIPS

- For indoor & outdoor use
- Operate between 0°C and 40°C
- Place only on stable, level surfaces (max tilt: 15°)
- Fully charge before first use

BATTERY CARE

- Battery includes protection against overcharging and overload
- Keep charge between 20-80% for long battery life
- If unused for weeks/months, charge and discharge periodically
- Always dispose of batteries responsibly

CLEANING & MAINTENANCE

- Wipe gently with a damp, soft cloth
- Use mild soap for light dirt
- Do NOT immerse lamp or charging cable in water

SAFETY GUIDELINES

- Do not use if the lamp or cable is visibly damaged
- Keep away from flammable materials during use
- Keep out of reach of children under 8, unless supervised
- Only service by qualified personnel

DISPOSAL GUIDELINES

- Follow local regulations for electronic waste and recycling
