love your journey

senz° foldaway

Welcome to the senz° foldaway: the suitcase that's large when you travel but compact when you don't. It's a beautifully designed, hard-sided travel companion that protects your belongings during your trip without getting in the way when you get home.

Recognise our name? Yes, we're the people who invented the senz° storm umbrella that's capable of withstanding winds of up to 100km/hr. The new senz° foldaway is our newest problem-solving design. Just like the senz° storm umbrella, it's smart, stylish, compact and good to go.
